

Meet VSP Global.®

VSP Global is a group of progressive businesses working together to help people see.

In 1955, a small group of optometrists had a vision to provide affordable, accessible, high-quality eye care to the world. They formed the first prepaid, not-for-profit vision benefit company, VSP Vision Care. That vision has evolved into VSP Global, with five complementary businesses that combine high-quality eye care insurance, high-fashion eyewear, customized lenses, ophthalmic technology and retail solutions to help people see around the globe.
